Animal Humane NM

Animal Humane New Mexico is an independent 501(c)(3) nonprofit. We are the state's leading private animal welfare agency serving cats, dogs and their families. Our mission is to support and improve the lives of New Mexico's cats and dogs through sheltering, adoptions, humane education and veterinary services

Glam Events: Our mission is to organize events where local businesses donate their specialty and talents. Each event will focus on a different charity or community need in NM. The result will be working together as a team, networking and empowering each other to help build a strong community while sharing things like good food, entertainment, a silent auction and much more.
